

## COMPLETE, NON-ANIMAL SOURCE PROTEIN ISOLATE

# SOY PRO

NET WT: 910 G

STRAWBERRY  
FLAVOR

Our soy protein isolate is a water-extracted, non-genetically modified product. We offer this protein as an alternative to animal sources for vegetarians, and for people with lactose intolerance, or simply for those who seek an economical complete protein source. Soy isolate is a high-concentration, high-quality, well digestible non-animal protein source with great amounts of important amino acids. SOY PRO's complete protein contributes to the growth and maintenance of muscle mass and also to the maintenance of normal bones\*. A protein is called complete when it provides the body with all necessary amino acids, including the 9 amino acids (i.e. Histidine, Isoleucine, Leucine, Lysine, Methionine, Phenylalanine, Threonine, Tryptophan, Valine) that are considered essential for life, because the body cannot synthesize them. Dietary proteins are the source of nitrogen and indispensable amino acids, which the body requires for tissue growth and maintenance.

\*These statements have been scientifically proven by the European Food Safety Authority (EFSA) and authorized by the European Commission (EC).

**Warnings:** KEEP OUT OF REACH OF CHILDREN! Don't exceed the recommended daily dosage. Use this product in conjunction with food as part of a healthy, balanced diet, not as a substitute for such.

**Allergen info:** Manufactured in a facility that processes milk, egg, gluten, soy, peanuts, nuts, fish and crustacean ingredients.

**Storage conditions:** Store in a cool, dry place. Heat and sunlight may damage the bottle!

**Best before end:** see on packaging. (MM/YYYY)  
**Batch number:** see on packaging.
